

The Coastal Way étape 3 - Parentis en Born > St Paul en Born

Distance : 17,100 km

0.000 km - Before the administrative center, take rue de Chatry on your left. Lift the car park to the crossroads offset. Turn right and then immediately left. Pass the parking lot.

0.500 km - At the intersection of the D 140 road, turn right for a short distance. Take the first street on the left leaving the water tower and the bullring to the right. Continue to the south and leave the fire department to the right. The waste dump will be a little further on the left. Take the bike path.

1,000 km - Pass the bridge over the stream then the crossroads of Herran (about 500 meters away) and continue straight ahead.

2,700 km - One passes in front of a storage station with its tanks of oil.

3,400 km - The bike path crosses the departmental road D652 and follows it on the right.

4,200 km - Cross the bridge and the small fishing pond on the right as well as a clearing with oil wells.

5,000 km - After a few hundred meters you reach the crossroads D46-Pontenx / D652-Gastes. Continue on the bike path towards Gastes. We cut the D652 road and take a dirt road to the left.

7,200 km - Turn right. At a hundred meters you can see a field.

7,300 km - Go along the ditch that borders the field on the right.

8,500 km - Turn right and go along the ditch that you will always have on the right and, at 100m, turn left into the forest (south).

10,200 km - We reached a paved road. Turn right.

11,300 km - The forest house of Piche is on the left. After that, turn left along the road along the fence (south) and follow, straight ahead, the stone road.

15,300 km - Take the paved road. Take the path of Miqu'ou stone in front. WARNING ! At the first houses, press to the left.

16,900 km - Follow a paved road. Go straight. (Campground right).

17,100 km - We joined the entrance of Saint Paul en Born. Take the bike path to the right.
